PRODUCTS

NORTH Safety Products

North Safety Products is the most diversified manufacturer of Safety and Personal Protective Equipment (PPE) in the world, with fifteen complete product lines, manufactured in ISO 9000 certified plants and employing over 3,000 people throughout the world.

North works closely with distributors and end users alike through innovative product design, quality manufacturing, solid marketing, training and support to our customers. Our goal is to enhance worker safety, improve productivity, and create confidence on the job and in the market place.

FIRST AID PRODUCTS

First Aid is the first product line that North manufactured over 40 years ago. Today, North controls the complete production of our custom and regulation First Aid Kits. We produce the boxes in our injection molding plant, design and print the graphics in-house, and fill and quality-check them with pride in our extensive packing department, a comprehensive process which is unparalleled in the industry.

To complement this extensive line of kits, North offers a complete assortment of First Aid products, including: first aid supplies, burn treatments, emergency and diagnostic medical equipment and instruments, rescue stretchers and blankets, and a variety of other indispensable First Aid tools.

WATER JEL™ Innovative First Aid for Burn Injuries

Cool Jel

Cool Jel topical cooling gel soothes and moisturizes minor cuts, scrapes, burns and abrasions. Water based and water-soluble, it won't stick to a wound and can easily be rinsed away. Cool Jel also forms a protective barrier over a wound to help protect the area from airborne contaminants which may delay healing.

Product #	Description	Packaging
WJ/0490701	4 oz. Squeeze Bottle	24 per case
WJ/049090BX	3.5 g. Dose Pack 25/box	24 per case
WJ/720185BXU	3.5 g. Dose Pack 6/box	100 per case

Sterile Burn Dressings

Water-Jel sterile burn dressings utilize the same gel technology as our Fire Blankets, and employ a medical-grade, non-woven polyester carrier. Because the gel is water based & water soluble, they won't stick to the wound and may be placed directly over clothing.

Product #	Description	Packaging
WJ/7201801	12" x 16" Dressing (facial)	20 per case
WJ/7201751	8" x 18" Dressing	20 per case

WJ/7201781	2" x 6" Dressing	60 per case
WJ/7201791	2" x 2" Dressing	120 per case

Fire Blankets

Water-Jel fire blankets consist of a wool carrier soaked in a water based, water-soluble gel that relieves the pain, cools the burn, and protects against airborne contaminants, all in one easy step.

WJ/LUK36	Utilities	16 unit Plastic Kit	25 per case

WATER JEL PRODUCTS FOR THE 21ST CENTURY

For almost twenty years, the name Water-Jel has been synonymous with state-of-the-art emergency burn care. Since firefighters first began using WATER-JEL fire blankets in 1980, Water-Jel is committed to bringing quality products to the market place, and as we journey into the twenty-first century, this Water-Jel tradition will continue. Early cooling fulfills the American College of Surgeons' recommendations and those of the American Burn association.
